Dear Fellow Voter,

You might be surprised to learn some things about me, Selina Vickers. I'm not the typical Democratic candidate and I ask that you learn about me before you vote. I attended President Trump's inauguration, I have publicly called for the removal of the WV Democratic Party Chair and Vice-Chair, I'm the only candidate in my race that doesn't accept any corporate money to my campaign, and I am the candidate that the "Democrat establishment" wants to lose. You can elect 3 people this November to represent you in the House. I'm asking for 1 vote.

I attended President Trump's Inauguration – After Election Day 2016, I felt an overwhelming call to attend President Trump's inauguration – not as a supporter and not as a protestor – I just felt called to attend. It was one of the best decisions of my life. I had an incredibly valuable experience, had profound conversations about our country, our constitution, and found common ground with many people. One person in particular made a lasting impression on me that I will never forget. That day positively changed my life. I wrote about that experience, and I invite you to read it on my website at www.selinavickers.com/blog

I hold the WV Democratic Party accountable, and I don't "toe the Party line" - The WV Democratic Party (WVDP) "establishment" -- the handful of people that control the Party, are corrupt in that they blatantly refuse to follow their own rules or even state law. Over the past 2 years I have exposed their corruption by filing challenges and grievances and achieved significant changes. The last challenge I filed exposed the sham of the election of the leadership of the WVDP and demanded new elections. I believe I'm going to win that challenge, and they will be forced to have new and fair elections of officers. They call me a "troublemaker" because I expose the truth of their actions. You can see why I'm the Democratic candidate that the Party leadership wants to lose. I won't back down and I won't "toe the Party line."

No Corporate Money - I'm the ONLY candidate in my race (of Democrats and Republicans) that has pledged, and hasn't, accepted any corporate money to my campaign. "Politics as usual" means that people with lots of money, often big corporations, buy politicians by sinking their money into political campaigns, and expecting a payoff when their candidate is elected by having them introduce and vote for legislation that benefits them. I am the only candidate in my race that refuses corporate money. That doesn't mean that I'm anti-corporation. It means that I will introduce and vote for the legislation that I think is right for the working families of WV not special interests. I won't be bought off like many of our elected officials. Big corporations have plenty of elected officials working for them. It's time you had one working for you.

You have 3 votes for the WV House of Delegates. I'm asking for just 1. You want someone to fight for your family and your community. I'm that person. As you can see, I am not beholden to any special interest. I think and act independently. I made a public pledge that I will honor (see pledge on back). I will come to your neighborhood and look at your roads, or sewer, creek or whatever you need me to see and I will listen to your concerns. I will do my very best to make sure that our government is serving you and your community, not special interests.

Sincerely,

 Selina Vickers, Candidate for WV House of Delegates – District 32
(See my pledge to you on the back)
